

General Dental Council

1<sup>st</sup> December 09

Dear Dr [REDACTED]

I hope not to disturb you and take your time as I know that you are a busy man, however I thought that it would be important to clarify an issue with the GDC.

I enclose the correspondence that I have previously had with Mr [REDACTED]. It is unfortunate that Mr [REDACTED] has now retired and I did not hear back from him following my last letter. This letter did state that "I will take a third refusal to enter into a conversation, as a confirmation that the Council does not consider it in the interests of the public or it's self to pursue this matter further".

Considering the reliability of the postal service recently I thought that it would be due courtesy to check that this letter was received prior to concluding that the council does not intend to re-run the 1936 debate on the aetiology of malocclusion or pursue this matter further.

Very best wishes,

Michael Mew

If you do wish to contact me could you possibly use my email address to prevent any further problems and speed this process; [mikemew@gmail.com](mailto:mikemew@gmail.com)
